JOURNEY

The patient had a gastric sleeve 10 years ago and she lost an impressive amount of weight.

Furthermore she delivered 3 babies she would like to reshape her arms tightening the skin and reducing the amount of fat.

TREATMENT

The patient underwent J-Plasma liposuction of the Arms

RECOVERY & FOLLOW UPS

The patient had recovered very fast as the pain average was minimal to recall.

RESULTS

As you can see in the pictures, there is a noticeable difference in the arms with minimal scarring and postoperative discomfort

“I cannot find words to thank you for all you did for me. Thank you for giving me my self-esteem back. You’re a very exceptional person.”
