

PLASTIC SURGERY DUBAI

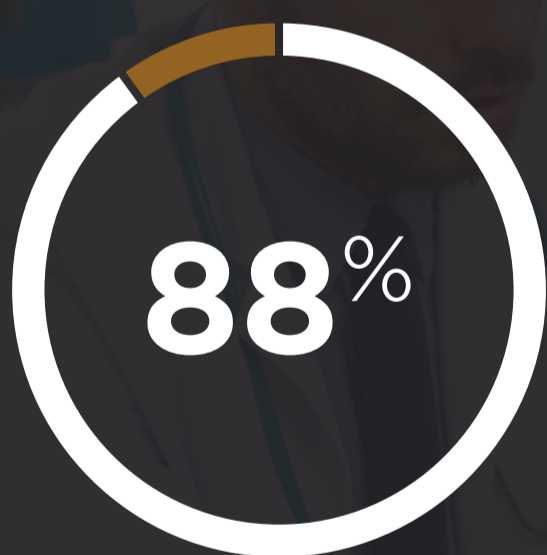

People get cosmetic surgery for many reasons. Some want to look younger. Others seek to change a feature they've never liked. The decision is personal. One of the keys is to set realistic expectations. Cosmetic surgery won't change your life. It won't solve personal problems or make you look like someone else. But it may give you greater self-confidence and add to your sense of well-being.

COSMETIC SURGERY IN ORDER OF POPULARITY

REASONS PEOPLE CHOOSE TO HAVE COSMETIC SURGERY...

CONFIDENCE

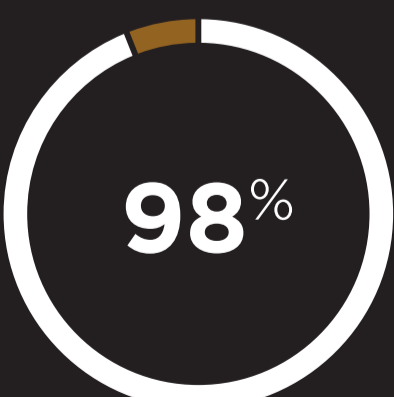

Having confidence with your body shape can help to make you more confident and outgoing

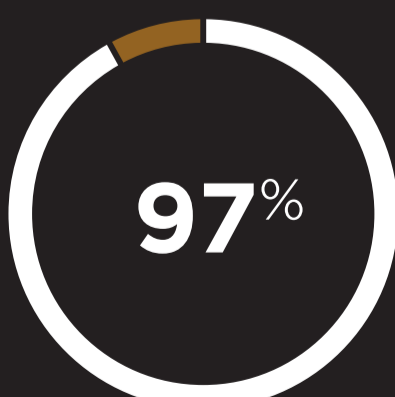

ENHANCEMENT

People choose to have plastic surgery in order to enhance some of their features

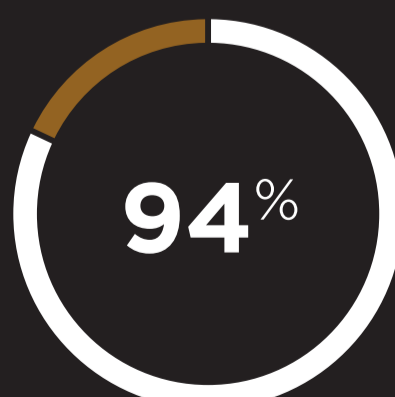

SATISFACTION AMONG PATIENTS...

BREAST AUGMENTATION

TUMMY TUCK

EYELID SURGERY

Among the most common surgical cosmetic procedures, satisfaction levels of patients are relatively high. Up to 98 percent of those who received breast augmentation surgery stated they would do it again, while 97 percent of those who received abdominoplasty said they would have the procedure again.
