**MIA FEMTECH™**  
FOR BREAST  
HARMONIZATION

“Something looks different about you!” Hundreds of women who did Mia® around the world heard this comment. It is called breast harmonization.

Mia FemTech™ offers a discreet and natural solution to enhance your body's harmony, sculpting your breasts in just 15 minutes through innovative minimally invasive technology. With no need for general anesthesia, you can resume your busy life on the very same day

### **Is Mia® procedure for you?**

You are a perfect Mia® candidate if:

- you tired of using padded or push-up bras to get a nice & plunging décolletage?
- you want to improve the look of your breasts after ageing, breastfeeding, or changes in weight?
- you like to have your breasts developed and in harmony with your body?
- you looking for discreet and proportional results?
- you prefer low invasive solution with no general anesthesia and minimal downtime?
- you have a busy schedule and want a quick procedure that can easily be adapted to your lifestyle?

Harmony is not only a choice, it's a lifestyle. Mia® is a procedure that is as unique as you; it brings harmony to your body by shaping your breasts with natural and discreet results.

## WHAT CAN BE EXPECTED FROM THE MIA® PROCEDURE?

Experiences may vary between women, and because we each have different bodies, results will vary, but with Mia®, you can always count on:

- Breast harmonization for one to two cups up with natural and discreet proportional results
- Getting back to your busy life on the same day of your procedure
- A 15-minute procedure without general anesthesia
- An exclusive high-tech system for a patented minimally invasive procedure
- A breast tissue preservation technique with small, concealed scars

Unwind and let the Mia® Experience surprise you with natural, discreet and proportional results. Stay true to your essence and delve into a new whole world of true harmony for body-mind balance!

Mia® Femtech provides unrivalled benefits that include the ease of the experience along with amazing results that perfectly harmonizes with your body! It's time to say goodbye to padded bras and push-up bras! Mia® Femtech is the solution to achieving your desired breasts.

Are you considering reshaping your breasts without being hospitalized? Mia® has you covered! This procedure is done in just 15 minutes allowing you to carry on with your daily routine.

BEFORE & AFTER

# A BRIEF NOTE FROM DR. MATTEO VIGO

I decided to become a doctor at early age but I was not aware of the world of Plastic Surgery. Once I have discovered it I fell in love with the whole concept behind and how this field of Medicine can be helpful for many people.

I passionately believe that, in order to improve the physical aspect of a patient, the plastic surgeon needs to combine the principles of art and science, adopting a global approach to understanding the individual desires.

Plastic Surgery is a truly fascinating, dynamic, constantly evolving field of medicine and I believe that the role of a Cosmetic Surgeon is unique and highly privileged.

My main goal is to understand the needs of a patient and try to transform their desires into reality. The role of a plastic surgeon is not only merely surgical but also supportive in the decision process of the best treatment to help patients finding themselves and their wellbeing.

All these steps are taken into consideration once a person walks in my office and the service I am offering them is always at the top.

I am combining experience, quality and professionalism to evaluate each single case and offer the best solution for my patients.

“Because you deserve the best” is my motto and I want always to put the patient at the centre of what I am doing.

You have to feel pampered, understood, listened, loved once in my office and the feedback of this feelings from my patient is my best satisfaction.

Dr Matteo Vigo

Often regarded as the Best Plastic Surgeon in Dubai, Dr. Matteo Vigo graduated in Milan in 2004 and started his residency period in the Plastic Surgery and Burn Unit in Verona in 2005.

He worked in the Breast Unit where he developed his skills in breast reconstructive and aesthetic surgery together with the full spectrum of plastic surgery procedure. His Speciality degree was achieved with a work on "Total Breast reconstruction with Fat in patient with breast implants" with the votation fo 70/70 cum laude in 2009.

He started then working in the Aesthetic Surgery field, developing great experience in breast surgery, liposuction and body contouring techniques. He has been the main trainer for all Europe and Middle East for Celution and Pure Graft systems by Cytori, lecturing in different important congresses around the world. He started working in Dubai in 2012 and he has been Chief of Surgery and Chief Medical Officer at American Academy of Cosmetic Surgery Hospital until march 2017.
