MIA FEMTECH™
YOUR BREAST
HARMONIZATION JOURNEY

MIA Femtech is a breast harmonisation experience with breakthrough minimally invasive technology.

This innovative approach offers a minimally invasive procedure designed to harmonise your breasts with your body, providing discreet and proportional results. Whether you're looking to improve the look of your breasts after aging, breastfeeding, or weight changes, or simply seeking a boost in confidence, Mia Femtech provides a solution that fits seamlessly into your lifestyle. Say goodbye to padded bras and hello to a more natural, beautiful you.

The Mia Femtech breast procedure is designed for women who have never undergone breast augmentation, providing a natural-looking enhancement that is minimally invasive. It requires no general anaesthetic, no scalpel and leaves no scarring. Remarkably, patients can leave Dr. Vigo's clinic just 90 minutes after the procedure and resume their daily activities.

MIA Femtech procedure is ideal for women who:

- have had children and want to regain their pre-pregnancy confidence.
- have never had surgery before and are seeking an increase in volume of up to two cup sizes.
- have considered breast enhancement but were deterred by the scarring and downtime associated with traditional breast augmentation.

IS THE MIA FEMTECH PROCEDURE FOR YOU?

You are a perfect Mia Femtech candidate if:

- you're tired of using padded or push-up bras to get a nice & plunging décolletage?
- you want to improve the look of your breasts after ageing, breastfeeding,

or changes in weight?

- you'd like to have your breasts developed and in harmony with your body?
- you're looking for discreet and proportional results?
- you'd prefer a low invasive solution with no general anesthesia and minimal downtime?
- you have a busy schedule and want a quick procedure that can easily be adapted to your lifestyle?

Harmony is not only a choice, it's a lifestyle. Mia Femtech is a procedure that is as unique as you; it brings harmony to your body by shaping your breasts with natural and discreet results.

WHAT CAN BE EXPECTED FROM THE MIA FEMTECH PROCEDURE?

Experiences may vary between women, and because we each have different bodies, results will vary, but with Mia®, you can always count on:

- Breast harmonization for one to two cups up with natural and discreet proportional results
- Getting back to your busy life on the same day of your procedure
- A 15-minute procedure without general anesthesia
- An exclusive high-tech system for a patented minimally invasive procedure
- A breast tissue preservation technique with small, concealed scars

BENEFITS OF MIA FEMTECH

No scalpel on your breast

Mia Femtech uses a high-tech device to create a channel for the implant, preserving breast tissue and ensuring a safer, less painful procedure. The scar is hidden in the fold of the armpit.

Design for true natural look & feel

Innovative diamond-shaped silicone implants achieve maximum projection with minimal volume for a natural appearance.

Quick and comfortable procedure

A 15-minute skin-to-skin procedure with a total of 90 minutes, using local sedation, eliminating the need for general anaesthesia.

Resume your life the same day

Quick recovery time allows you to return to your daily activities immediately.

MIA FEMTECH BEFORE & AFTER

A BRIEF NOTE FROM DR. MATTEO VIGO

I decided to become a doctor at early age but I was not aware of the world of Plastic Surgery. Once I have discovered it I fell in love with the whole concept behind and how this field of Medicine can be helpful for many people.

I passionately believe that, in order to improve the physical aspect of a patient, the plastic surgeon needs to combine the principles of art and science, adopting a global approach to understanding the individual desires.

Plastic Surgery is a truly fascinating, dynamic, constantly evolving field of medicine and I believe that the role of a Cosmetic Surgeon is unique and highly privileged.

My main goal is to understand the needs of a patient and try to transform their desires into reality. The role of a plastic surgeon is not only merely surgical but also supportive in the decision process of the best treatment to help patients finding themselves and their wellbeing.

All these steps are taken into consideration once a person walks in my office and the service I am offering them is always at the top.

I am combining experience, quality and professionalism to evaluate each single case and offer the best solution for my patients.

“Because you deserve the best” is my motto and I want always to put the patient at the centre of what I am doing.

You have to feel pampered, understood, listened, loved once in my office and the feedback of this feelings from my patient is my best satisfaction.

Dr Matteo Vigo

Often regarded as the Best Plastic Surgeon in Dubai, Dr. Matteo Vigo graduated in Milan in 2004 and started his residency period in the Plastic Surgery and Burn Unit in Verona in 2005.

He worked in the Breast Unit where he developed his skills in breast reconstructive and aesthetic surgery together with the full spectrum of plastic surgery procedure. His Speciality degree was achieved with a work on "Total Breast reconstruction with Fat in patient with breast implants" with the votation fo 70/70 cum laude in 2009.

He started then working in the Aesthetic Surgery field, developing great experience in breast surgery, liposuction and body contouring techniques. He has been the main trainer for all Europe and Middle East for Celution and Pure Graft systems by Cytori, lecturing in different important congresses around the world. He started working in Dubai in 2012 and he has been Chief of Surgery and Chief Medical Officer at American Academy of Cosmetic Surgery Hospital until march 2017.
